A Masterpiece is Created

Fort Wayne Pools liners are designed and manufactured using the most advanced technology in the industry. First our professional designers create a precision drawing of the liner, then our trained machine operators produce a precision-crafted liner that must meet our stringent quality standards. The result is virtually a masterpiece worthy of display in any pool.

A quality, perfect fitting liner backed by one of the best warranties in the industry. Like famous artists sign their work, each liner is worthy of the Fort Wayne Pools signature.

Fort Wayne Pools is the leading inground vinyl liner manufacturer in North America and we offer:

- Prime Selection of Designer Patterns
- Exclusive Designs
- Superior Quality Vinyl Materials
- Computer Driven State-of-the-Art Technology
- 60 Years of Experience
- An Excellent Choice for Replacement Liners
- One of the Best Liner Warranties in the Industry
- Ultra-Seam standard on every liner.
- Liners carry a 5-year full, 15 year prorated, transferable limited warranty.

Featuring **ULTRASEAM**[®] Patent Pending **The strongest seams you'll NEVER see!**

Standard on every Fort Wayne Pools Liner.
The strongest seams you'll never see! Over 500,000 installs!

Ultra-Seam[®]

No visible floor seams.

Ultra-Seam[®] vinyl liner featured: Cambridge Tile / Royal Prism Floor

Standard

Floor seams are visible on standard liners.

Ultra-Seam[®]

No visible floor seams.

Standard pool liners present visible lines on the pool floor at the seams which ultimately detract from the beauty of the pool. Our innovative **Ultra-Seam**[®] technology elevates our liners to an entirely new category.

This exclusive process makes floor seams stronger and virtually invisible, so there's nothing that gets in the way of the picture perfect beauty of your pool! Now standard on every Fort Wayne Pools Liner.

Subtle and soothing tones hinting at the light blues of the Caribbean Islands. Select patterns from the lighter side of things.

Vibrant colors inspired by luxurious oceanfront lifestyles. A collection of patterns for seaside elegance at home.

Bold and dramatic dark blues with striking patterns, similar to the serene beauty of a lakeside retreat. Select patterns of sophistication.

Floor patterns help determine the shade of your pool water. These shades represent what the pool will look like when water is added. 2018 Vinyl Liner Selection Specifications

Be Smart, Play It Safe

IMPORTANT: A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include, but are not limited to:

1. Safety ropes, which should remain in place at all times;
2. "No Diving" signs, which are provided and should be installed in accordance with instructions included on the coping or liner, where they are clearly visible;
3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it;
4. Necessary means of exit and entry into the pool;
5. Fencing with a self-latching gate, and other barriers that can assist in preventing unsupervised access to the pool by children;
6. Approved drain covers and other devices to protect against suction entrapment;
7. Minimum required inlets and returns to ensure proper water circulation;
8. Appropriate inpool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer's instructions, ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards, as well as state and local statutes and codes.

Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer's specifications and ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards. If the pool is labeled by us as NON-DIVING, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests are knowledgeable about the safe and sensible use of their pool. They also:

- ensure that their pool is never used unless there is adequate supervision;
- ensure that their pool is kept in good repair and is not used when there is a missing or broken drain cover or other component;

- ensure that ALL CHILDREN using their pool are supervised constantly;
- that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgement does not use the pool;
- ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool liner and also available upon request. We must insist that you read each item carefully and follow its instructions. These are:

- Pool Owners Safety Handbook
- APSP "Sensible Way" Book
- Vinyl Swimming Pool Liner-Warranty
- "Children Aren't Waterproof" Book
- "No Diving" Labels
- Area Sign

Make sure your builder supplies you with all of the safety information that accompanies your pool and installs the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool.
